

SORRY

but we care about your financial safety.

I recently overheard a customer say something in our lobby that really spoke to me. He said, **“These days, the safest place to keep your money is in a small bank.”** And I thought to myself, **“Yes! That’s what we’re all about. He gets it.”** In the tumult of last year’s worldwide financial crisis, our bank lived its vision statement – **“Safety, Stability and Solutions in Your Own Backyard.”** Who knew that a little country bank could outperform 9 of the largest banks in America?!

Thank you so much for relying on and trusting us.
